

# LOW CARBON LOGISTICS PROGRAMME

8-10 NOVEMBER

LOW  
carbon  
logistics

Pulling together  
for net zero.

## Monday 8th November Let's Talk About Rail Freight

09:00 - Registration – Exhibition Opens

10:00 – Official Opening

*Graeme Dey MSP, Minister for Transport, Scottish Government will be officially opening  
Low Carbon Logistics*

10:30 – Decarbonising Scotland's Railway

*Alex Hynes, Managing Director, Scotland's Railway*

10:45 – Collective Ambition for Sustainable Logistics Transition

*Morwen Mands, Head of Sustainability, Highland Spring Group*

*Kenneth Russell, Commercial and Strategy Director, John G Russell Transport*

*Chris Reid, Deputy Group Director Rail Stations, WSP*

11:30 - Our Journey to Net Zero

*Chris Swan, Head of Rail, Tarmac*

11:50 – Panel Q&A Session

12:15 – Locomotive Naming Ceremony

*GB Railfreight will name a class 92 Electric Locomotive. These are the most powerful locomotives in the UK and can work all over the UK electrified network as well as through the Channel Tunnel in France. This locomotive will be given a name with a strong local flavour to the Central belt of Scotland.*

## Monday 8th November
